

I have been beseiged by junk faxes that I did not ask to have sent to me. In one paeticular example, on 8-28-02 I received a junk fax from Mancini, O'Malley and Cole, a collection agency soliciting my business. On 9-12-02 my wife called them at 877-293-6525 and told them to remove us from their fax list. On 10-31-02 we received another fax from them. Are they now in violation of law? They are located at 352 Government Street, Mobile Alabama 36602.
